NO CONVICTIONS THUS FAR.

Thus Far Every Prisoner Has Been Acquitted by the Jury.—Session Will Last Until Next Week.

Up to last night the jury in every case before the Criminal Court of Record returned a verdict of acquittal, and from the present outlook there will be few convictions this term.

Very few Daytona cases have been tried. Betty Mitchell, the colored woman charged with robbing E. M. Holman, was acquitted.

E. M. Mayberry, the white man charged with embezzling funds of the Daytona Furniture Company, pleaded guilty but has not yet received his sentence.

It is very likely that the session will continue well into next week.

A Poem for Today

THE SYMPHONY OF LIFE

By Robert Louis Stevenson

KNOW not how it is with you—
I love the first and last,
The whole field of the present view,
The whole flow of the past.

One tittle of the things that are,
Nor you should change nor I—
One pebble in our path—one star
In all our heaven of sky.

Our lives and every day and hour,
One symphony appear:
One round, one garden—every flower
And every bramble dear.

A Poem for Today

LOVE, THE PILGRIM

By Hamilton Aide

EVERY day a pilgrim, blindfolded,
When the night and morning meet,
Entereth the slumbering city,
Stealth down the silent street,
Lingereth round some battered doorway,
Leaves unlit some portal grand,
And the walls, where sleep the children,
Toucheth with his warm young hand.

Love is passing! Love is passing—
Passing while ye lie asleep!
In your blessed dreams, O children,
Give him all you hearts to keep!

Blindfolded is this pilgrim, maiden,
Though today he touched thy door,
He may pass it by tomorrow—
Pass it—to return no more.
Let us then with prayers entreat him.
Youth, her heart, whose coldness grieves,
May one morn by Love be softened;
Prize the treasure that he leaves.

Love is passing! Love is passing!
All, with hearts to hope and pray,
Bid this pilgrim touch the lintels
Of your doorways every day.

TEACHERS ASSOCIATION.

Two Days Interesting Session Held at DeLand This Week.—Daytona Was Well Represented.

The County Teachers' Association held an interesting session in DeLand Thursday and Friday of this week, with a fair attendance of teachers from various parts of the county.

Daytona was represented by Prof. J. L. Wright and the Misses Martha E. Brown, Esther Holland, Mary Stowers, Emma Anthon, Rose Noble, Lottie Northrup and Lucie Haacker.

Communicated.

Editor Daily News:—Daytona has some good baseball material and I think the ball team should be immediately revived and gotten into practice for the summer's sport. This town has many baseball enthusiasts, who would encourage a good team and liberally patronize the games.

A scheme that I think would work out successfully would be to get up a small league say, for instance, DeLand, New Smyrna, Titusville, Daytona and one or two other towns. I like good baseball and I think it is a sport that should be encouraged here in summer.

EX-BALL PLAYER.

Editor Daily News:—

Within two months the winter's business will be a thing of the past, and I think an active effort should be made at once to bring people here in large numbers this summer from down the coast and from the entire State.

Recently, I read a communication in your paper signed "Merchant," in which he insisted that the Board of Trade take up the matter relative to inducing the railroads to put on low rates in order that people with small means might come to Daytona and the seashore to spend a portion of the summer. I think his idea a good one and I wish that steps would be immediately taken to this end. Daytona, Seabreeze and Daytona Beach would make an admirable summer resort, with some energy on the part of the Board of Trade and the citizens. I think that large crowds can be brought here during the summer months.

SEABREEZE NEWS NOTES.

Happenings of Interest on the Peninsula.—Personals and Notes About Well Known People.

The Bazaar given at Dixie Lodge Wednesday afternoon was a splendid success socially and financially. The funds from the sales at the several tables amounted to \$62.00 net. Mrs. Phillips and Mrs. McCulloch, of Atlanta and Marietta were the promoters, generously aided and abetted by the guests of Dixie Lodge and the members and sympathizers of the Glenview Church. The art corner, where Mrs. Phillips' water color paintings and painted shell souvenirs were displayed, was presided over by Mrs. Hesser. Miss Hesser had charge of the confection stand and Miss Wiedmayer of the fancy articles. Miss Brooks, as an Egyptian fortune teller, gave character delineations by palm reading and little Miss Ryan was successful at the fruit stand. Strawberries and whipped cream were served and the hours from 3 to 6 o'clock passed all too swiftly for the bevy of cheerful buyers, the belated arrivals finding a much depleted stock from which to choose. The proceeds will be applied in furnishing the much needed windows for the Glenview Church.

Messrs. Gilmore, Farrell and Russell made a trip to Spruce Creek, Wednesday. It was a fine day for the trip and they expected to bring back some big catches of black bass.

The Ellenwood dock at the North bridge was swung around against the shore by the high winds Monday. Also the launch Glen broke her mooring at the Central bridge and had her cabin knocked off by being blown against the bridge.

Messrs. Campbell, Vose and Kremer went to Eldorado and Hillsboro River, duck hunting in the Elkton, Tuesday. They expected to be gone several days.

A great number of sea beans were washed ashore by the rough sea, Monday, and gathered as souvenirs by visitors.

Mrs. E. M. Ladd has left for Tampa. She will join Miss Blakeslie and Thompson at St. Petersburg, where they will remain for several weeks.

FEW MARRIAGES IN JANUARY.

Only Five Took Place in the Entire County.—Daytona Furnished Three of This Number.

January proved a dull month in matrimonial circles in Volusia County. Only five marriage licenses were issued, three of which were for Daytona parties, one for New Smyrna and one for DeLand.

It is quite probable now as spring approaches that the number of marriages will increase, as Daytona is predicted to have a fair representation join in wedding.

Attracts Another.

It is gratifying to all those who have the welfare of Daytona at heart to know that Charles S. Rieman, who during the past two years has traveled extensively, and is familiar with business conditions and openings in nearly every part of the country, has decided to locate here permanently, and is now fitting up an office at 208 South Beach Street, for the transaction of business.

Mr. Rieman not only expresses a strong faith in Daytona's future, but he backs up that faith by his action in locating here permanently and in engaging in a business which is dependent upon the prosperity, activity and popularity of Daytona. He states that all things considered, it is the most delightful place in the South for the establishment of a winter home, and he says that he feels confident of being able to bring a goodly number of tourists to the same conclusion during the balance of the season.

Mr. Rieman states that he will represent several first-class insurance companies, negotiate loans, and will handle some gilt-edged, conservative propositions. He will also deal in property on the peninsula and in the surrounding country.

Mr. Rieman, who was formerly interested in mining enterprises at various points in the West, but during the past two years has traveled over almost every part of the United States, is a son-in-law of L. D. Pitcher, who for the past two seasons has occupied the pretty home he built at 105 Orange Avenue.

DAYTONA ELKS STILL STIRRING.

They Believe That They Will be Successful In Their Efforts to Establish a Lodge at This Place.

Daytona Elks are still making a persistent effort to get a lodge of this Benevolent and Protective Order located at Daytona, and the chances are that before long their efforts will be successful. The city must have a population of 5,000 people before a lodge can be established, but the Elks are of the opinion that the city can furnish that many inhabitants.

Should the lodge be established it will have a charter membership of forty-five and it is thought that this number can be easily increased to sixty.

It is the intention of the promoters of

the lodge to lease a home, and later to commence the construction of a handsome and commodious club house.

Rev. J. L. Cross will preach at the Baptist Church, Sunday night, instead of Tuesday night, as previously stated in the Daily News.

*FOR RENT—6-room house, on Orange, 200 feet west of Ridgewood Avenue; hot and cold water, fireplace, and all modern improvements; well furnished. Enquire at office of Bond Lumber Company.

A Poem for Today

VIVIEN'S SONG

(From "Merlin and Vivien")

By Alfred Tennyson

IN love, if love be love, if love be ours,
Faith and unfaith can never be equal powers.
Unfaith in aught is want of faith in all.

It is the little rift within the lute
That by and by will make the music mute
And, ever widening, slowly silence all.

That little rift within the lute
Or little pitted speck in garnered fruit
That, rotting inward, slowly molder all.

It is not worth the keeping; let it go.
But shall it? Answer, darling, answer "No,"
And trust me not at all or all in all.

STAY AT HOME, MY HEART

By H. W. Longfellow

STAY, stay at home, my heart, and rest;
Home keeping hearts are happiest.
For those that wander they know not where
Are full of trouble and full of care.
To stay at home is best.

Weary and homesick and distressed,
They wander east, they wander west,
And are baffled and beaten and blown about
By the winds of the wilderness of doubt.
To stay at home is best.

Then stay at home, my heart, and rest.
The bird is safest in its nest.
O'er all that flutter their wings and fly
A hawk is hovering in the sky.
To stay at home is best.

Symbols of Trade.
In Scotland it was for a long time usual to place on a man's tombstone the symbols of his trade. Especially was this the case at Dunblane, where, in the burial ground of the abbey, it has been found that of those tombstones which are from 100 to 200 years old about one-fourth are thus marked, the symbols being in low relief.

Old Japanese Prints.
The collector of old Japanese prints must be guided in his selection by the quality of the paper, which should be soft and vibrant, the fibrous tentacles upon its surface often forming shadows where it has been exposed to the dust. The register must be perfect, each color being confined absolutely to its prescribed space. Perfection in the register is an infallible guide. The colors must be soft and melting, in many cases one tone shading into another, not harshly determined by the lines of the block.—Extract from "Impressions of Ukiyo-ye" by Mrs. Dora Amaden.

Pleasant Reception.
 Mrs. Huston and her sister, Miss
 Mollie Wilder, gave a reception yester-
 day afternoon at their handsome home
 on South Beach Street.

It was an affair of the highest order,
 and present were many of the ladies of
 the town who were handsomely gowned.
 An orchestra was in attendance and
 discoursed music, and everyone present
 spent a delightful afternoon.

Yesterday was the birthday of both
 Mrs. Huston and Miss Wilder, but they
 did not desire it known that the recep-
 tion was to be given on that day. It
 leaked out, however, in some way, and
 a number of their friends brought ex-
 quisite remembrances.

It was a source of much regret to those
 in attendance that Mrs. Mary Wilder,
 mother of the two ladies, was unable to
 be present, having slipped and sprained
 her ankle the day previous.

Located The Watch.
 A lady residing on First Avenue came
 to Marshal Zuber with a long drawn
 story, stating that in broad daylight
 three men came into her house and
 after searching the premises went away
 with her valuable watch. She attem-
 pted to get help but two of the men held
 her, while the other searched the house.
 After the marshal arrived on the scene,
 the husband put in his appearance with
 several scratches on the side of his face.

Now Mr. Zuber decided to get in some
 of his Alabama detective work. He
 learned from a party in the neighborhood,
 that the wife and husband had had a
 free-for-all fight early in the morning,
 and that the woman threatened to leave
 home. Marshal Zuber later returned
 to the house and he told the woman to
 make another search, which she did.
 She found the watch put away in a
 corner in perfect condition.

Rough Riders.
 The program of sports as arranged for
 February 22, at Ormond, includes a rep-
 etition of the famous Ormond Ring
 Tournament on the beach in which some
 of the best native riders of Volusia
 county will engage. These are young
 men who have cuttle on the range and
 who from youngest boyhood have been
 accustomed to rough riding in the woods.
 A telegram just received from the in-
 terior of the county states that six of
 them will be on hand.

The Weather.
 For East Florida—Fair tonight and
 Sunday; warmer tonight in extreme
 southern portion.

DAYTONA AND ITS ATTRACTIONS.

DAYTONA is situated upon the west bank of the Halifax River at its fairest expanse and midway between its source at Bulow Bay and its outlet at Mosquito Inlet. It is in latitude 29, seventy-four miles from St. Augustine and one mile from the Atlantic Ocean, and is acknowledged to be without a rival for beauty among the villages of the South. Its site is upon what is known as high hammock land that was crowned by nature with a most royal growth of majestic forest trees, and among these trees is the town of today, with its beautiful cottages and well-graded walks and streets. The result is that all along the wide avenues that intersect the town are lordly live and water oaks and hickories, many of them draped with graceful festoons of the gray Spanish moss, that overarch the street and walks, and among these are interspersed tall tropical palmettos, glossy-leaved magnolias, fragrant bays and coral-berried holly, and many other varieties, while in many places the wild grape, the trumpet vine and the ampelopsis climb and cling among the branches forming shady bowers and adding grace and beauty.

The town lies parallel with the Halifax River, and extends for nearly two miles along the shore. This river is the delight of the angler and the yachtsman and forms one of the town's greatest attractions.

The main avenues that run parallel with or intersect the river are all 100 feet wide, except Beach street, which is about sixty-five feet, but has a half-mile of open, beautiful water abutting upon its eastern side, where the salt waves ebb and flow and along and across which comes the cooling, invigorating and health-giving breezes from the wide Atlantic, which temper and render the Halifax climate one of the most perfect in the world. Daytona has many miles of well-graded, marled and shelled roads and streets, rendering it the

Wheelman's Paradise
and added to these, but a mile away, are thirty miles of smooth, hard beach, that affords an unrivalled course for long-distance cycling and driving or automobile racing. No town of equal size, North or South, numbers so many wheelmen, and cycling is a favorite pastime with the tourists summer and winter.

The Beautiful Cottages
that have been erected during the past years and are being built are rendering Daytona as famous for its fine homes as for its beautiful river, trees and avenues, and they are adding yearly to its attractions.

Not the least of these attractions is the fact that its population is chiefly composed of cultivated and intelligent people, accustomed to the refinement of home and social life. Added to these features are good churches, good public and private schools, stores, hotels, laundry, meat markets, no-eit, works, an opera house, electric light, for street and house illumination, a good telephone system, ice factory, Lily Water Works, and hot and cold baths, etc., and everything else can be procured that is necessary to make life comfortable. An important feature in the healthfulness of this town is the

Water Supply
which is derived from numerous flowing wells, of which there are probably 300 in the corporate limits. This flow is secured by boring wells to the depth of from 80 to 120 feet, passing through several strata of rock, and this depth assures purity from all surface contamination. The water is slightly impregnated with magnesia

and iron, and holds sulphur in the shape of gas, which soon passes away.

The Population of Daytona
proper is about 1,800. Added to this is a suburban population on main shore and peninsula of about 1,000 at Kingston, Blake, Old Seabreeze or Goodall, Seabreeze and Silver Beach, which are properly a part of the town and population.

Daytona Beach
lies one mile east of the town. It is approached by three good bridges over the river and well-graded avenues, and is the principal summer resort south of St. Augustine. It has more tourists during the summer than all other places south of that city combined, and is also becoming a favorite winter resort. The beach is wide, firm and smooth, by many considered the finest in the world, and the surf bathing is safe and excellent summer and winter. People who have tried Northern and Western summer resorts declare that there are none so perfect comfort as Daytona beach.

Automobile Race Meet.
The Florida East Coast Automobile Association conducts an annual race meet upon the beach, which has now a universal reputation as the greatest automobile race course in the world. The Daytona-Ormond Beach is hard as macadam, and an ideal stretch of thirty or more miles without a break makes it the natural racing ground for America.

At low tide the beach is bare for 300 feet and neither carriage wheel, bicycle or pedestrian can make a hardly visible imprint on the smooth and well-packed sand. It is no common sight to see well-rigged bicycles speeding with the velocity of the wind before a stiff breeze along the smooth beach, thus affording the most exhilarating sport known to man. Besides these, miles of hard-shelled, palm-fringed boulevards bring the lovers of the wheel and vehicles into direct touch with the mainland over the broad bridges which span the splendid Halifax River.

The beach from the sandy bluffs to the lowest point at oblique, measures about 500 feet, and the average depth of the surf measures about two feet. The numerous gentle swell rolls in from the ocean from one to two feet in depth under normal conditions, making the beach an attractive and completely safe place for surf-bathing. Here the infant as well as the grizzled veteran of many summers can safely enjoy the luxury of a sea bath throughout the larger part of the year while the strong and expert swimmer can venture out further to test his strength and skill in battling with the inexhaustible powers of the mighty ocean.

The Peninsula
lying between river and ocean is one half mile wide, and is being rapidly improved, and there are many fine cottages and several good hotels, a opera house, two ocean piers, beach, avilion and a large casino.

A Remarkable Feature
at Daytona has been the yearly improvement in the style and value of the buildings that are being erected for homes. Men of capital of the North and West have become awakened to its advantages for winter resort, and valuable lots are being purchased and costly houses, beautiful in design and finish, are being erected. Wealth and culture are multiplying. Seabreeze (City Beautiful) and Goodall are settlements on the Ocean side of the peninsula across the Halifax River from Daytona.

At the foot of Ocean Boulevard Seabreeze, a pier reaches 600 feet across the beach into the swelling surf of the ocean. This pier is a favorite resort of those who delight in the sport of fishing. The surf here abounds in trout, pompano, yellowtail, cavalle, whiting, sheepshead and many other varieties of edible fish. During the fall season the famous sea bass affords rova sport, and it has been no uncommon occurrence to land a thousand pounds of this game fish in an afternoon. Individuals of them ranging from fifteen to thirty-five pounds in weight not only does the ocean offer this splendid sport but the Halifax River, a half a mile back of the ocean, is equally famous for its fine fishing, and the varieties that abound in the can be present in the river. Hunting and fishing good. Ex. perience and dogs may be had at reasonable prices.

The guests of the New Seaside Inn were treated to an old-fashioned oyster bake on the beach last evening.

COME TO OUR STORE

and tell the clerk who serves you to hand down a pair of Women's Oxfords. We have them in patent Kid, patent Calf, Vici, gun metal Calf, Ooze, Kid and Canvas. The woman who doesn't wear low shoes misses the luxury of having perfect foot comfort.

OURS ARE CERTAINLY COMFORTABLE.
They are built of the best material the leather market affords and the shapes are right. Prices, \$1.50, \$2.00, \$2.50, \$3.00 and \$3.50. You must not judge our shoes by the prices as we give much better value than many give for these prices.
